Alberta's Agricultural Processing Industry

Alberta Government

FOREWORD

The Rural Development Division of Alberta Agriculture and Forestry presents Alberta's Agricultural Processing Industry Directory as a guide for learning about our agri-processing companies and supporting agencies. It serves as a quick reference for current company information including contact personnel, products and brand names.

The directory is divided into five sections.

1. **Alberta's Agricultural Processing Industry Overview**

   Includes an overview of the value of the agricultural processing industry in Alberta, a summary of key contacts and services available to the agri-processing industry from Alberta Agriculture and Forestry, and statistical tables and charts.

2. **Alberta Product Index**

   Companies are listed alphabetically according to product categories. Page numbers are provided for easy access to the detailed company information.

3. **Alberta's Agricultural Processing Companies**

   Companies are listed in alphabetical order. Current company information is provided including address, telephone, fax, email, web site, management contacts, export contacts, products and brands.

4. **Industry Organizations**

   Information is provided for key agri-food industry organizations including address, telephone, fax, email, web site and contacts.

5. **Company Location Index**

   Companies are listed by their location in the province. An Alberta map is been included for a quick reference.

A pdf of directory is available on the web: http://www.agric.gov.ab.ca/app68/foodindustry

Company location online: http://www.agric.gov.ab.ca/app68/listings/foodindustry/foodindustry_map.jsp

Considerable effort has been taken to ensure the accuracy of the company listings and information shown and we regret any errors or omissions. The directory was prepared by the collation of information made available to Alberta Agriculture and Forestry. Neither the Department nor any of its employees assume any legal liability or responsibility for the accuracy or completeness of the information. The listing of any company or product in this guide does not reflect an endorsement of the company or product by Alberta Agriculture and Forestry. Alberta companies are asked to assist in keeping this directory current. As changes occur in the information presented for any company or organization, or if you are an Alberta processor and wish to be included in the next edition, please contact:

ALBERTA'S AGRICULTURAL PROCESSING INDUSTRY

Key Services for Agri-Processors

Alberta Agriculture and Forestry

Services for Agri Processors: www.agric.gov.ab.ca/app68/agriprocessors

This link provides Alberta's agricultural processors with a comprehensive database of food distribution channels and other service providers. Each listing provides detailed contact information and available services.

Agrivalue Processing Business Incubator

Phone: 780-980-4244 (Toll free: 310-0000)

The Agrivalue Processing Business Incubator (APBI) is a 75,000 sq ft, Canadian Food Inspection Agency registered facility offering privately accessed, fully serviced food processing suites of varying size, design and leasing costs. It is complemented with shared shipping and receiving bays and cold storage. The APBI is dedicated to assisting food processors in the scale-up and commercialization of new products and technologies so they can eventually establish their own facilities. Early stage business entrepreneurs and the more established food organizations will find the Incubator and its array of services a unique avenue for developing and processing a variety of food products for the value-added market.

Food Processing Development Centre

Phone: 780- 986-4793 (Toll free: 310-0000)

The Food Processing Development Centre (FPDC) in Leduc houses fully equipped pilot plant and product development laboratories that are staffed with experienced food scientists, engineers and technologists. The Centre services are designed to strengthen and expand the capability of Alberta's food processors to meet the challenges of the marketplace through application of new technology and the development of new or improved products and processes. Services available to the agri-food industry include applied research, product and process development, product and process scale up and interim processing.

Food Science and Technology Centre

Crop Diversification Centre South: Phone: 403-362-1346 (Toll Free: 310-0000)

Located in Brooks, this facility offers expertise in post-harvest handling, storage, value-added processing of horticultural and special crops and extrusion processing. Programs and services available to the agri-food industry include applied research, product and process development, specialized testing and pilot-scale extrusion production of animal feeds and pet food.

Sensory Evaluation Centres

Food Processing Development Centre: Phone 780- 986-4793 (Toll Free 310-0000)
Consumer Product Testing Centre: Phone: 780- 415-6268 (Toll Free 310-0000)

The Centres provide comprehensive sensory evaluation services, which include both consumer acceptability and trained panel testing. Through the use of these trained panels, researchers and industry assess the effect of ingredients and processes on their product initially and over time by measuring human responses that cannot be predicted by chemical or instrumental measures. Consumer panels are also used to measure product acceptability and can provide information about specific product attributes such as flavour, appearance, texture and packaging.

Bio-Industrial Opportunities Branch

Phone: 780-644-8118

Located in Edmonton, Airdrie, Olds and Vermilion, the Branch provides industry with specialized business development expertise and innovative technical services to maximize the value of Alberta's bio-mass for economic growth and diversification.

The business development services provide expertise; specialized knowledge to identify and create new opportunities; and connections to help industry in business planning, strategic consultation, collaboration, networking, and industry advocacy in clean energy, biochemical, biomaterials and biocluster.

The technical services offer a suite of state of the art processing equipment and expertise to develop, demonstrate and scale up technologies in waste/by product utilization, crop fractionation, ingredients identification and biomass utilization with a goal to maximize values of agriculture biomass.

Food Safety

Natisha Stashko Phone: 780-644-2372 (Toll Free: 310-0000)
www.agriculture.alberta.ca/foodsafety

The Food Safety Division focuses on safe food production systems and supporting market access for Alberta's agriculture and food industry. The Division facilitates the adoption of internationally-accepted food safety systems and standards in food production and processing; provides meat and dairy inspection in provincially-licensed facilities; collaborates with partners in food safety initiatives (Alberta Health/Alberta Health Services, Canadian Food Inspection Agency, Health Canada, Public Health Agency of Canada); and prepares for and responds to food safety incidents.

International Relations and Marketing Branch

Annalisa Baer
www.agrifoodalberta.ca

The International Relations and Marketing Branch works to support the growth and diversity of Alberta's agricultural exports, and advance market access issues. Experienced Trade & Relations Officers work with a network of contacts to facilitate international market development, identify opportunities, and support investment. Alberta companies interested in pursuing export markets can contact the branch for: market information and intelligence; export assistance and advice; market opportunities; and buyer-seller connections.

Alberta Food Processors Association (AFPA)

A non-profit organization representing all segments of the food and beverage industry: growers, processors, retailers, foodservice buyers, and service suppliers. AFPA brings many benefits to its members by helping them build capacity and improve their knowledge and their competitive advantage. AFPA offers quality programs and services including food safety and quality program development, training, marketing and logistics, and innovation. The Association acts as an advocate to provide a single voice for industry.
